OCT 30 2002

Technology Center 2600

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

This is responsive to the Office Action mailed July 30, 2002, having a shortened period
for response set to expire on October 30, 2002.

The following amendments and remarks are respectfully submitted.

IN THE CLAIMS:

Please **AMEND** claims 1 and 28, as follows.

Sub G¹ → 1. (FOUR TIMES AMENDED) A method of acquiring program guide information for
channels, comprising:
receiving the program guide information and a program on one channel, and acquiring
the program guide information for the received program received on the one channel; and
71 acquiring the remaining program guide information being broadcast for other channels
by scanning the other channels to acquire the remaining program guide information from other
program guide information contained in ones of the other channels while the program being
received is not displayed.

Sub G² → 28. (TWICE AMENDED) An apparatus comprising:
72 means for detecting program guide information being broadcast corresponding to
CMT channels in relation to a tuned channel; and
